## **Mason County Road Commission mapping technician receives statewide Distinguished Service Award**

LANSING, MI – Mason County Road Commission (MCRC) mapping technician Ted Weinert was honored by the County Road Association (CRA) of Michigan with a Distinguished Service Award at the 2025 CRA Highway Conference in Lansing.

Distinguished Service Awards recognize road agency staff and commissioners who have dedicated their time and service in an outstanding manner to the advancement of the county road and bridge system in Michigan.

Weinert’s history with MCRC began in 1988 as a surveyor and project design technician. Following his retirement from that position, he has continued to work with the road commission over the years to keep mileage certification maps updated and continue to modernize and archive MCRC’s systems.

“Ted is a great example of how dedicated county road agency staff are to their colleagues and community,” said Denise Donohue, CRA CEO. “Despite retiring from MCRC once and then his own consulting business, Ted continues to find new ways to help the county road agency network.”

The 83 members of the County Road Association of Michigan represent the unified voice for a safe and efficient county transportation infrastructure system in Michigan, including appropriate stewardship of

the public's right-of-way in rural and urban Michigan. Collectively, Michigan's county road agencies manage 75% of all roads in the state, including 90,500 miles of roads and 5,900 bridges. County road agencies also maintain the state's highway system in 63 counties. Michigan has the nation's fourth-largest local road system.
