Roads+SM announces endorsements for 2022 November general election

Lansing, MI — Roads+SM, the political advocacy arm of the County Road Association (CRA) of Michigan, has endorsed 29 Senate and 59 House candidates for the 2022 November General Election.

Roads+SM is a panel of county road leaders and industry stakeholders from across the state who work to advocate for local road issues and supportive candidates from the Lower and Upper Peninsulas.

Roads+SM endorses candidates with proven track records, relationships with their road agencies and understanding of the entire road right-of-way system including roads, bridges and adjacent facilities.

"Our Roads+SM trustees have once again endorsed a robust bipartisan slate of candidates and incumbents who will be on the General Election ballot for State Representative or Senator," said Denise Donohue, Roads+SM treasurer and CEO of the County Road Association of Michigan. "These endorsements represent the next crop of local transportation advocates and leaders across the state."

"At a time when state road funding is no longer keeping up with even normal inflation and electric vehicles' lack of fuel tax threatens the future of the Michigan Transportation Fund, we need a Legislature committed to taking on these issues for quality of life and business in Michigan," concluded Donohue.
